Barberry

Barberry

Two Year Untransplanted Barberry

Photo, July 1 1931.

Showing how we cultivate 50 acres a day. This Barberry has been cultivated twice a week since April.

Two Year Untransplanted Barberry

Photo, August 1, 1931.

Same block as above 30 days later. Notice we have got down to the old time horse as the 30 inch rows are entirely grown together.
